MB

Applicant understands that this is a provisional election of species and that if no prior art is found which anticipates or renders obvious the elected species, the search of the generic claims will be extended to the extent necessary to determine patentability of the generic claims.

The foregoing is submitted as a full and complete response to the Election/Restriction requirement mailed May 16, 2002, and that Claims 1-12 are patentable. Early and favorable consideration of the claims is requested. If the Examiner believes any informalities remain in the application which may be corrected by Examiner's amendment, or there are any other issues which can be resolved by telephone interview, a telephone call to the undersigned attorney at (404) 745-2426 is respectfully solicited.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Mary Anthony Merchant', is written over a horizontal line.
